Free point of sale materials

Duffields are a family owned business that has manufactured animal feeds for over 100 years.

Operating from three factories we manufacture poultry, pig, cattle, sheep, game and small animal feeds.

All the mills are fully UFAS Assured, which ensures full traceability of ingredients and consistency of feeds.

The products are formulated to provide high quality palatable feeds which will supply optimum nutrition for your customers' livestock.

Duffields work closely with their merchant customers to help grow their sales.

Your customers can have confidence in Duffields Trusted Animal Feeds.
